

## The new VisionR®- solution for workplace reservation as app und browser version

booking of assets and services included  
for single or group reservations for teams

### Search for free workplaces

You can look for and find free workplaces in floor plans. After you entering you search parameters (begin, end, building, floor) you can see which workplaces are free and reserve them.

### Reserve with QR code / barcode

When you are already on premise and find a free workplace you can scan the QR code or barcode on it, see if it is free and check in or check out.

### Reserve single workplace

Make a reservation for workplace. You can use a floor plan to visually select the workplace you want.

### Reserve multiple workplaces

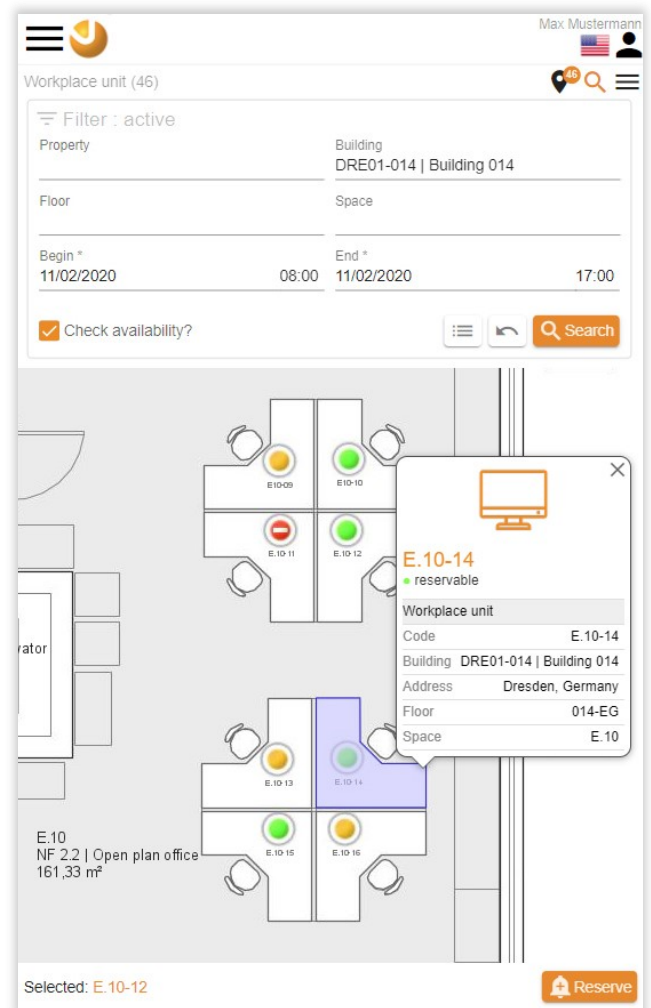

Make a reservation for multiple workplaces for the same time span, e.g. teamworking. You can use a floor plan to select the workplace you want visually.

### Table view with reservations

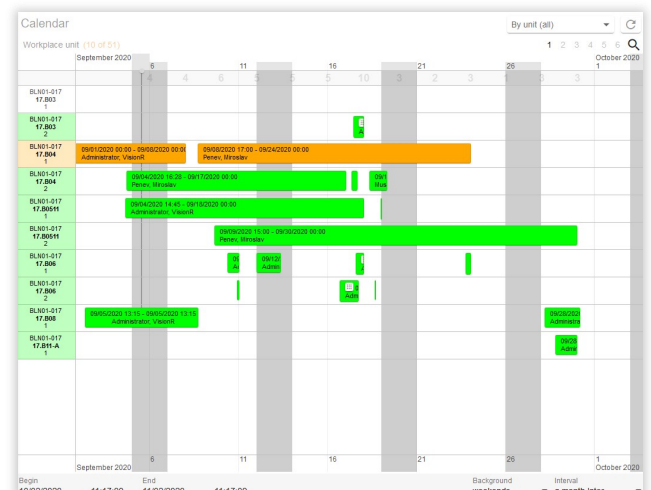

You can show, search and filter reservation in a table view and export data to Microsoft Excel.

### Calendar with reservations

You can show a timeline of all available workplaces, see existing reservations and create new reservations in the timeline.

The screenshot shows the app's search interface. At the top, there's a user profile for 'Max Mustermann' and a search bar. Below the search bar, there are filters for 'Property' (Building: DRE01-014 | Building 014), 'Floor' (Space), 'Begin' (11/02/2020 08:00), and 'End' (11/02/2020 17:00). A 'Check availability?' checkbox is checked. A 'Search' button is visible. Below the filters is a floor plan view with several workplaces marked with colored circles (green for available, red for reserved). A pop-up window for 'E.10-14' is open, showing details: 'Workplace unit', 'Code: E.10-14', 'Building: DRE01-014 | Building 014', 'Address: Dresden, Germany', 'Floor: 014-EG', and 'Space: E.10'. A 'Reserve' button is at the bottom right of the floor plan view.

The screenshot shows the 'Calendar' view of the app. It displays a timeline for 'Workplace unit: 10 of 213' from September 2020 to October 2020. The calendar shows various reservation blocks for different workplace units (e.g., BLN01-217, PLN01-217) with their respective start and end times. A 'Reserve' button is visible at the bottom right of the calendar view.
